

STW Industrial Convector Heater

Construction

The STW range of air warmers has been designed for environments where heavy-duty natural convector type heaters are required. The unit can include optional integral externally adjustable limit thermostat, remote thermostatic control or frost protection control as required.

Features

- Heavy duty robust construction
- Suitable for floor or wall mounting
- Powder coated sheet steel construction
- Supplied with plugged cable entries
- Weatherproof protected to IP66 against water and dust
- Optional adjustable 0-40°C room temperature controlled thermostat

Typical Applications

- Workshops
- Crane cabs
- Dairies
- Ships
- Storage units
- Greenhouses
- Pump Stations
- Equipment Rooms
- Frost Protection
