

Muria - Towel Warmer

The sinuous coils of the Muria intrigue the eye, creating instant visual drama in your bathroom and plenty of hanging space for towels. It is perfect for confined spaces, as it is cleverly designed to turn 180-degrees on your wall. It is available in a chrome or white RAL 9016. Muria R has an adjustable temperature control, so you can always find the ideal temperature. Another version, the Muria, features a simple on/off switch in place of the adjustable temperature control. Muria Ti comes with a timer, 2-8 hours or constantly on/off.
